5. Select the driver that you would like to review and click 'Next'.

The screenshot shows the 'OPTAC Viewing Data wizard' window. At the top, it says 'Please select a driver.' Below this is a search bar and a '<<' button. A table lists two drivers:

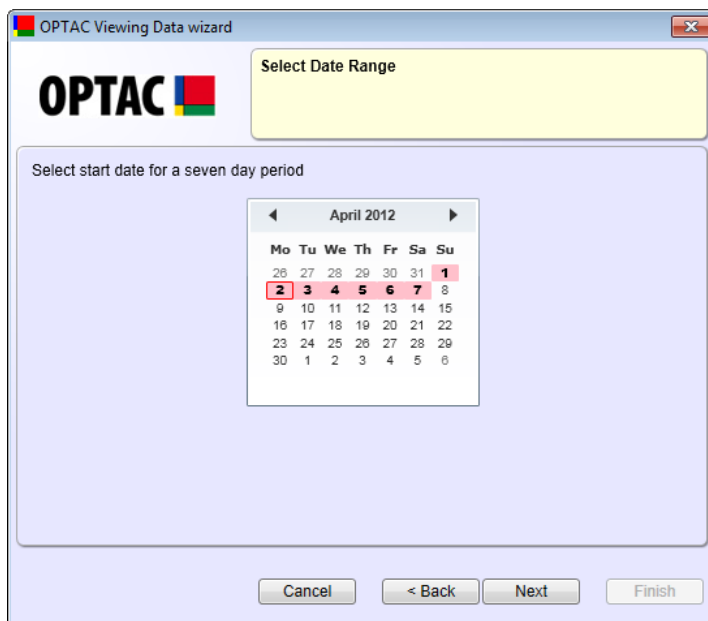

| Driver Surname                                  | Driver Forenames | Driver Card Number |
|---|------------------|--------------------|
| <input checked="" type="radio"/> IRELAND CALDER | JOHN             | 24789632523698     |
| <input type="radio"/> MUHLERT                   | MAGNUS           | 34789632523698     |

At the bottom are buttons for 'Cancel', '< Back', 'Next', and 'Finish'.

Figure 5

6. Select the start date for the seven day period you would like to review and click 'Next'

**Note: Dates containing data are highlighted RED and are BOLD. To change the Month click the arrows either side of the Month/Year text.**

The screenshot shows the 'OPTAC Viewing Data wizard' window with the title 'Select Date Range'. It asks to 'Select start date for a seven day period'. A calendar for April 2012 is displayed. The dates 2, 3, 4, 5, 6, and 7 are highlighted in red and bold. The date 1 is also bold but not red. The other dates are in a standard font.

| Mo       | Tu       | We       | Th       | Fr       | Sa       | Su       |
|----------|----------|----------|----------|----------|----------|----------|
| 28       | 27       | 28       | 29       | 30       | 31       | <b>1</b> |
| <b>2</b> | <b>3</b> | <b>4</b> | <b>5</b> | <b>6</b> | <b>7</b> | 8        |
| 9        | 10       | 11       | 12       | 13       | 14       | 15       |
| 16       | 17       | 18       | 19       | 20       | 21       | 22       |
| 23       | 24       | 25       | 26       | 27       | 28       | 29       |
| 30       | 1        | 2        | 3        | 4        | 5        | 6        |

At the bottom are buttons for 'Cancel', '< Back', 'Next', and 'Finish'.

- 7.2. When zoomed in to an individual day, hovering the mouse over an activity will highlight it and show a box displaying details about the activity.

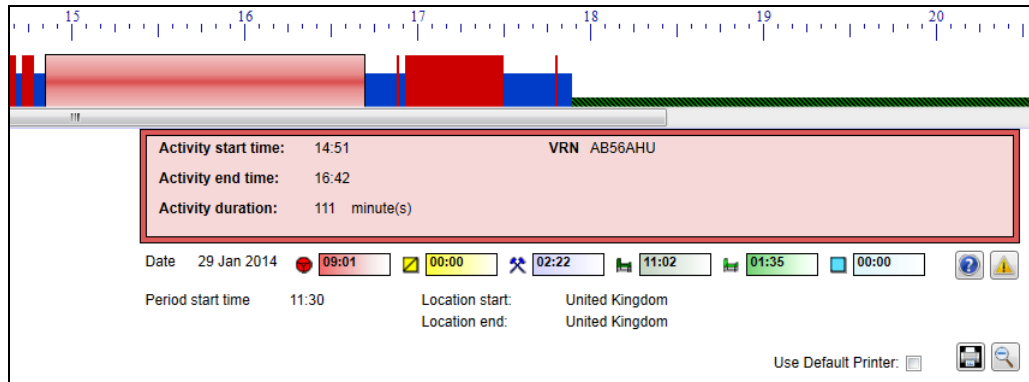

Figure 9

- 7.3. Clicking the  icon will show a list of Manual Entries recorded on the card.

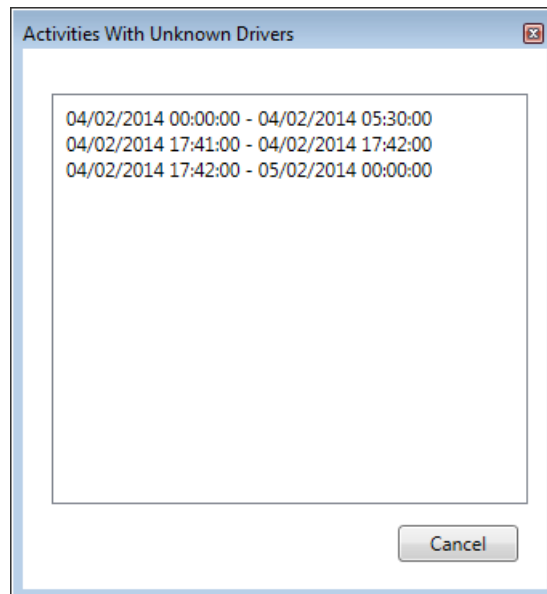

Figure 10

7.4. Clicking the  icon will show a list of digital overlaps.

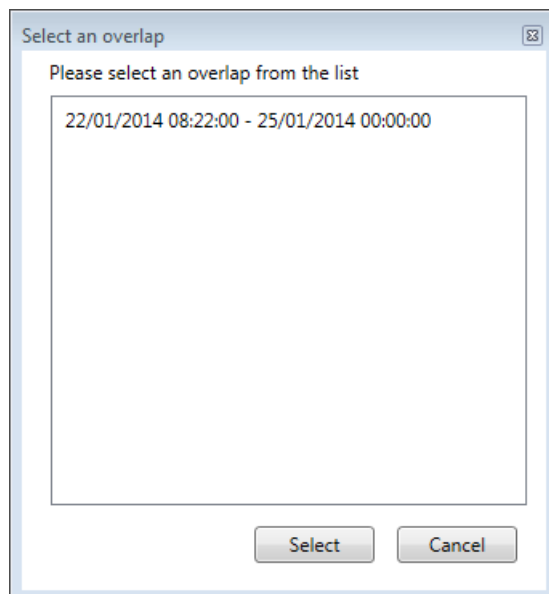

Figure 11

7.5. Clicking on the zoom in button at the top right of the window will zoom in on all records.

Web: [www.optac.info](http://www.optac.info)

- 7.6. Clicking on the zoom out button at the top right of the window will zoom out and show all 7 days at once.

Figure 13

8. Each activity mode is shown displayed in a specific colour. Both the symbol colours and colours on the bar graphs relate to one another. (i.e. the red drive symbol implies that the red activities on the bar graph are drive activities). Below is a key for all activities.

**Note: Ferry will be shown on the bar graph as a pink line**

-  Drive
-  Periods of Availability (P.O.A.)
-  Other Work
-  Rest
-  Break
-  Out of Scope

9. When zoomed in to an individual day, if the driver has exceeded 4 and a half hours without taking sufficient breaks then a '>4.5!' message is displayed.
- 9.1. Also, additional drive after 4 and a half hours has a black band at the top to indicate when the driver is driving out with regulations.

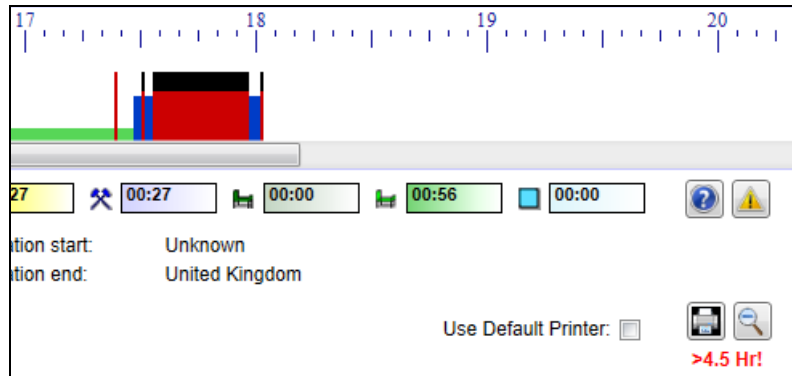

Figure 14

- 9.2. Hovering the mouse over the drive with the black band shows a box displaying details about the activity and a '4.5 Hour Drive Warning' message.

Figure 15

- 9.3. Hovering the mouse over the black band shows a box displaying details about the '4.5 Hour Drive Warning' period.

Figure 16

10. Any Manual Entry records stored on the driver card will show containing diagonal lines.
